

OLE BISON™

VODKA

The American Bison possesses a remarkable set of qualities that make it an iconic symbol of strength, resilience and harmony with nature. We make Ole Bison™ Vodka to symbolize our respect for them.

Ole Bison™ Vodka begins using only the finest corn from each harvest. The corn is then blended with yeast and water to make it ferment for 7 days.

We use only all Natural Artesian Spring Water that provides us with one of the world's purest water sources. The water is naturally filtered resulting in a "very soft" water.

After Ole Bison™ is filtered over 10 times taking out impurities making it very smooth and easy to drink! Try it on the rocks or in your cocktail!

This tradition has been handed down for generations resulting in a very smooth delightful tasting vodka

Gluten-free

- Made from corn
- Ultra Premium Handcrafted Vodka Made in USA
- Distilled 5 times and filtered 10 times Incredibly smooth and easy to drink
- Multi-award winning

Beverage Testing Institute Evaluation:

Clear. Aromas of cereal with milk with a silky, dryish medium body and a very clean, fruit pastry, custard and mineral finish. A sleek stylish vodka that will excel on its own or in martinis.

Rating: Exceptional, Double Gold Medal
