

CLYDEBUILT COPPERSMITH

Clydebuilt Coppersmith is a limited-edition blend of malts from Speyside and Highland Distilleries, wholly matured in first-fill Oloroso Sherry casks. These malts have been selected and blended with great skill by our master whisky maker, Max McFarlane.

A whisky to savour, Coppersmith oozes opulence and stunning cask maturation with a super balance of sweet and spicy, heather honey, sultanas and very dark chocolate, with a long, dry finish. Coppersmith is the first in a series of limited-edition Clydebuilt whiskies that the Ardgowan Distillery Company Limited will release in the years ahead. Each bottle in the Clydebuilt series will celebrate the pride shown by generations of workers on the Clyde, who together built some of the world's most illustrious ships.

It is this spirit that is to be found in every bottle of Clydebuilt whisky.

NOSE: Oozes opulence. A super balance between sweet and spicy as a result of being wholly matured in first fill oloroso sherry casks.

PALATE: Stunning cask maturation: heather honey, sultanas, and very rich dark chocolate.

FINISH: Very smooth, long, dry finish - seems to want to take a holiday on your tastebuds.
