

GLASGOW 1770 THE ORIGINAL SINGLE MALT SCOTCH WHISKY

Glasgow 1770 Single Malt Scotch Whisky - The Original - is a fresh and fruity single malt that successfully ignited the rise of a new whisky era in Glasgow.

Handcrafted in our copper pot stills, the finest malted barley and the exceptionally pure water of Loch Katrine combine to create a spirit of the utmost quality.

Matured in first-fill ex-bourbon casks, finished in virgin oak, Glasgow 1770 The Original is a wonderfully smooth, fruity and complex single malt whisky.

The nose opens with dark dried fruits with topical undertones, followed by hints of biscuit, oak and freshly cut grass.

Sweet butterscotch with a creme brulee char on the palate.

Notes of freshly sliced pear, dried figs, dates and raisin with sweet almond undertones, honey and creamy shortbread.

A long finish of thickly spread orange marmalade and nutmeg underpinned by a complex woodiness and a lasting spice.
