

SHETLAND REEL

Called 'Original' simply because it was the first distilled product from Saxa Vord Distillery. It is our first core gin bottled at 43% abv and was launched in October 2014.

The main local botanical is applemint which is grown and harvested in Unst, the most northerly inhabited island in the UK.

It contains nine different botanicals including the applemint which gives the gin a delicate freshness. This combined with the cinnamon, coriander and citrus peels to create a well-balanced London Dry Gin.

Available throughout the UK and through our on-line shop from the most northerly post office in Shetland. In 2014 it was exported to Germany, and it is now available in South Africa, Canada, Norway, Belgium and Japan. In 2019 it will be available in the USA

Tasting Notes

The initial palate is juniper, mixed spice, sweetness with a citrus tang and a refreshing hint of mint at the end.

Perfect Serve

50ml Shetland Reel Gin Original Fever-Tree Original Tonic

Wedge of Pink Grapefruit

Sprig of mint

Sprig of lavender

Served in rocks glass with ice
